

Commercial Diesel Perkins Generator Set Durable Silent

Basic Information

- Place of Origin: China
- Brand Name: Minlong

Product Specification

- Cooling System: Water Cooled
- Dimensions: 2500mm X 1500mm X 2000mm
- Starting System: Electric
- Speed: 1500rpm
- Power Output: 1000kW
- Fuel Type: Diesel
- Warranty: 1 Year
- Control System: Automatic
- Highlight: **Diesel Perkins Generator Set,
Durable Perkins Generator Set,
Commercial perkins silent diesel generator**

Product Description

Product Description:

The **Perkins Diesel Generator** is an advanced diesel electric generator that is designed to be both powerful and durable. With its **1000kW** power output, this diesel generator set is the perfect solution for large scale electricity generation. It is able to run at **1500rpm** and its frequency is **50Hz**. Moreover, this generator set is equipped with an automatic control system for improved performance and reliability. It also has a compact design with dimensions of **2500mm X 1500mm X 2000mm**, making it easy to install and transport. The Perkins Diesel Generator is a reliable and efficient solution, and is perfect for commercial and industrial power generation.

Features:

Perkins Diesel Generator:Durable Diesel Generator Set, Advanced Diesel Electric Generator

Frequency: **50Hz**

Starting System: **Electric**

Control System: **Automatic**

Engine Brand: **Perkins**

Power Output: **1000kW**

Technical Parameters:

Parameters	Perkins Diesel Generator
High Output Diesel Generator	1000kW
Engine Brand	Perkins
Warranty	1 Year
Fuel Type	Diesel
Fuel Tank Capacity	1000L
Dimensions	2500mm X 1500mm X 2000mm
Frequency	50Hz
Cooling System	Water Cooled
Noise Level	75dBA
Control System	Automatic

Applications:

Perkins Diesel Generator from Minlong is an advanced diesel electric generator set which is of China origin and features a water-cooled design. It offers a 1000L fuel tank capacity and runs at 1500rpm, ensuring a durable and long-lasting performance. It also has a low noise level of 75dBA and a 1-year warranty, making it an ideal choice for many applications.

The Minlong Perkins Diesel Generator is a reliable solution for backup power or emergency situations. It has an impressive fuel efficiency and is capable of running for hours, making it suitable for use in hospitals, factories and many other industrial applications. This generator is designed to deliver a stable and continuous power supply to ensure that all your needs are met. Its 1000L fuel tank capacity and advanced water-cooled design provide a reliable and efficient performance.

The Perkins Diesel Generator from Minlong is the perfect choice for those who need a reliable and durable diesel generator set. It is designed to last and comes with a 1-year warranty. Its low noise level of 75dBA makes it suitable for use in residential areas as well. It has an impressive fuel efficiency and is capable of running for hours, making it an ideal choice for many applications.

Customization:

Durable Perkins Diesel Generator Set with High Output

Brand Name: Minlong

Place of Origin: China

Engine Brand: Perkins
Starting System: Electric
Fuel Tank Capacity: 1000L
Fuel Type: Diesel
Warranty: 1 Year

Our Perkins diesel generator set is designed to be highly durable and provide a high output. It is the perfect solution for your generator needs. Our generator is equipped with a Perkins engine and a 1000L fuel tank. It has an electric starting system and comes with a 1 year warranty for peace of mind.

Support and Services:

Perkins Diesel Generator Technical Support and Service

At Perkins, we understand that your diesel generator is a crucial part of your operations. That's why we offer technical support and service for all our Perkins Diesel Generator products.

Our technical support team is on hand to answer any questions you may have about your generator. They are also able to provide troubleshooting advice and help diagnose any issues you may be experiencing. Additionally, they can help with installation, commissioning and maintenance of your Perkins Diesel Generator.

We also offer a range of service packages for our Perkins Diesel Generators, including scheduled maintenance, emergency repair services and extended warranties. These services can help maximize the life of your generator and keep it running efficiently.

Packing and Shipping:

Perkins Diesel Generator's packaging and shipping includes:

Wrapping the generator with protective material for safe transportation.

Securing the generator in the shipping container.

Storing the shipping container in a warehouse or shipping hub.

Arranging for the delivery of the generator to its destination.

FAQ:

Perkins Diesel Generator FAQ

Q1: What is the brand name of this Perkins Diesel Generator product?

A1: The brand name of this Perkins Diesel Generator product is Minlong, which is made in China.

Q2: How do I maintain my Perkins Diesel Generator?

A2: You should regularly check the oil level and the cooling system, replace the oil and filter, and perform regular inspections to ensure the Perkins Diesel Generator is operating efficiently and safely.

Q3: What kind of fuel does a Perkins Diesel Generator use?

A3: Perkins Diesel Generator typically uses diesel fuel.

Q4: What is the maximum output of a Perkins Diesel Generator?

A4: The output of a Perkins Diesel Generator is typically determined by its model and size. Please consult your product manual for more information.

Q5: What is the warranty period for a Perkins Diesel Generator?

A5: Please refer to the product manual for warranty information.
